ZVS Phase-Shift Full-bridge 2.5kW transformer

**FEATURES**
- ZVS Phase-Shift Full-bridge 2.5kW transformer
- Work with ZVS inductor 14µH / 14Apk
- Recommended output inductor 1µH / 180Adc
- Switching frequency 100kHz
- UL94 and RoHS materials (F/155°C)
- Design based on AEC-Q200
- Weight: approx 350grams

**OPERATION**
- Vin = 376-820Vdc / Vout = 14Vdc
- Operating temperature -40/+125°C with cooling

**APPLICATIONS**
- Automotive HV/LV DCDC onboard converters
